

Since our opening in 1989 we have catered hundreds of events, ranging from intimate dinners and cocktail parties to large weddings and retreats.

It is our goal to serve consistently excellent food with friendly, professional service in surroundings that are relaxed and comfortable.

When preparing your food we use the finest, freshest ingredients available; crafted with our own hands and created from our hearts. Our philosophy is that in this world of constant change, there need to be places that feel like going home; places to re-charge where you can duck out for a moment, relax, eat a great meal, capture a smile and remember to take in a deep breath. Our aim is and has always been to make the Silverwater one of these places.
